

SPEAKERS NEEDED

Share Your Expertise

No one better serves the industry than the industry itself. We want your presentations on innovative systems, dynamic new processes, new business management and development approaches, revolutionary uses of technology, technological improvements in the field, recycling, waste minimization, environmental stewardship, employment, community relations, etc.

Subject Areas

Hauling, recycling, resource recovery, safety, equipment, technology, legislation, regulatory compliance, composting, construction and demolition debris, disposal, landfill operations, medical and healthcare waste, transfer stations, waste-to-energy, climate change, financial issues, human resources, sales and marketing, leadership, community relations and image building, compliance, and anything else affecting waste and recyclables and the people in our industry.

Submit an Abstract or an Idea

WasteExpo will develop the 2011 educational program in September 2010. Submissions will be reviewed for innovation, relevance, and timeliness. Company, equipment, and product advertisements will not be accepted.

To be considered, please submit a description of your idea (250 words) along with a brief biographical sketch to:

Alice P. Jacobsohn, Esq.
Director, Education
Environmental Industry Associations
4301 Connecticut Avenue, NW - Suite 300
Washington, DC 20008
Fax: 202-364-3792
alicej@envasns.org

PROPOSALS ARE DUE ON OR BEFORE AUGUST 20, 2010.
